To whom it may concern

Sub: Letter of Appreciation – Qantur Technologies Pvt. Ltd.

IoTechWorld are into Agriculture, Survey, Surveillance, Logistics segments of Drone. We develop Drones according to the different geographic locations. We have drones for all terrains, applications & requirements. We provide Agriculture solution like Pesticide Spray drone, Crop health monitoring drone, Surveillance drone, Aerial survey drone, Flower shower drone. We are continuously developing and emerging. We are getting into new segments and new markets. This is the spirit which is sailing us to new horizons of drone developments.

We recognized benefits of **ANSYS Mechanical & CFD** for robust simulation for drone industries with **Qantur Technologies** and they help us in finding right resource & their **support** for Mechanical & CFD. Their team of **highly skilled CAE engineers** in these domains have demonstrated high value of the simulation technology to resolving our complex problem for FEA & CFD.

We have invested in **Mechanical & CFD** modules of ANSYS and are now extensively using the software to optimize our drones design and to develop new one as per requirements.

Qantur Team has supported our interest to the best of their capabilities in all areas of **commercials, simulation for Mechanical & CFD, Implementation, technical support and extensive training.**

We **acknowledge & appreciate** Qantur Technologies for ANSYS software and would gladly recommend them for any ANSYS Implementation with FEA & CFD related services.

Thanking you.

Deepak Bhardwaj
Director & Co Founder
