Letter of Thanks

It gives me immense pleasure to thank **Qantur Technologies** for providing in-depth technical training to one of our doctoral students for a pretty difficult task pertaining to CFD analysis of Pelton Turbine incorporating special meshing technique. We are indebted to Qantur Technologies for facilitating expertise help for one of the important components of our tailor made research problem. This has saved our lot of time and has helped to obtain solutions to our problem expeditiously. Their prompt response to our request is highly appreciated.

We look forward for more interactions with Qantur Technologies in our future endeavors.
