To whom it may concern**Sub: Letter of Appreciation – Qantur Technologies Pvt. Ltd.**

Shubham Flexible Packaging Machines Pvt. Ltd is the leader in manufacturing of multi-track, collar type and lined carton packing machines. We manufacture SPM packaging machines catering to industries for Free & Non- Free Flow Products - Liquids, Powder & Pastes.

We recognized benefits of **ANSYS FEA & CFD** state- of- art modelling tool after our discussions with **Qantur Technologies** and validating our design through their **consulting model** for both FEA & CFD. Their team of **highly skilled application engineers** in these domains have demonstrated high value of the simulation technology to resolving our complex problem, to innovate our products through optimization techniques, and improve the reliability, productivity & efficiency of our product lines.

We have invested in **Mechanical, CFD & HPC** modules of ANSYS and are now extensively using the software to optimize our product design and to develop new products as per client requirements.

We are pleased to appreciate that **Qantur Technologies** has supported our interest to the best of their capabilities in all areas of **commercials, engineering simulation consulting for FEA & CFD, Implementation, technical support and extensive training.**

Their team conducted **8 days** of training at our facilities for our team representing our engineering /R&D division. They were able to experience on hand details regarding the implementation of geometry, meshing and modelling techniques which we understand will definitely enhance their analytic skills.

Our special thanks to the trainer, **Mr. Gautam Gupta** for CFD and **Mr. Vishwajeet Singh** for FEA who patiently assisted our team in clearing all raised queries during the discussion.

We are very happy to be associated with Qantur Technologies for ANSYS software and would gladly recommend them for any ANSYS Implementation & FEA/CFD related services. Once again thank you for the **exceptional services and expertise help.**

Thanking you.

Mr. Virendra Sharma**Chairman & Managing Director**
