**Mr. Irfan Ashai**  
General Manager

**Qantur Technologies**  
146, Vipul Trade Centre  
Sector 48 – Gurgaon, 122018

**Sub: Ansys Training (2020 R2 Mechanical Pro)**

This is regarding the 2-day online ANSYS training program, Qantur Technologies, had conducted for our employees from 16<sup>th</sup> December to 17<sup>th</sup> December 2020.

The training has been very informative to our team, representing the engineering division. They were able to experience on hand details regarding the various implementation techniques which we understand will definitely enhance their analytic skills.

We appreciate your team for co-ordinating with us gracefully since the beginning and for conducting the sessions smoothly according to the schedule without any interruption or delay.

Our special thanks are due to the trainer, Mr. Ankush Choudhary who patiently assisted our team in clearing all raised queries during the discussion.

We are very happy to be associated with Qantur Technologies for ANSYS software.

Thanking you.

With regards

**Girish Menon**  
Director - Technical
